

Self-reflection

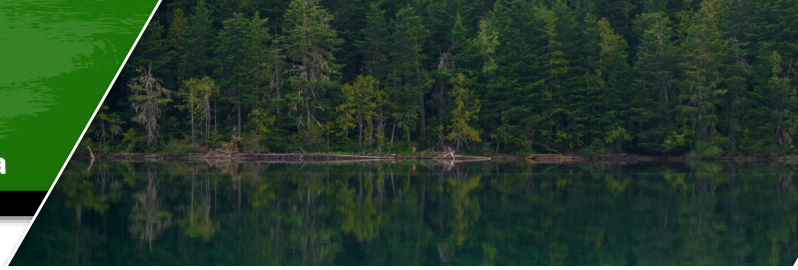

YOUR JOURNAL TOWARDS RECONCILIATION

1. If you were to meet Dominique (T8aminik) Rankin, which name would you use and why?

2. Think of your own first language. What does being able to speak it freely mean to you?
How does your language allow you to access services such as health care or education?

3. Are there any similarities between the aspects of First Nations culture and your own culture or beliefs?

Self-reflection

YOUR JOURNAL TOWARDS RECONCILIATION

4. Were you aware of the restrictions that the *Indian Act* placed on First Nations? How do you think the Act impacts the social realities of First Nations people today?

5. You may be aware of the Aztec and Inca civilizations, but what do you know about the Haudenosaunee Confederacy and Clan-society systems?

6. You now know more about First Nations treaties. How does this impact your duty to serve the public as a public service employee?
